I am a dedicated web and mobile app developer with a strong passion for mastering programming languages such as React, Vite, Vue, NextJS, Expo, Flutter and React Native. I use my expertise in website and mobile application design to contribute practical ideas, thorough analysis, and careful planning to projects. As a team player, I am eager to learn and adept at adopting new technological tools.

Skills:

- Advance hands-on experience in using Git and version control.
- Advance hands-on experience in using frontend tools and frameworks (i.e. React, Vite, Vue, NextJS, Expo, Flutter and React Native).
- Has a proficient skills using Figma for UI/UX design.
- Advance knowledge in web and application system development.
- Has a great problem-solving, communication skill.
- Demonstrates active listening and effective collaboration during Scrum meetings.

Experience:

- Completed 486 hours of On-the-Job Training (OJT) as a Frontend Developer at Davao City Water District.
- Developed a full-stack web application using Vite, Vue, and Laravel.
- Built a mobile application using Expo and Firebase.
- Worked as a Customer Service Representative.
